an oil/fat component;

salt, present at a level to provide a salty taste; and

a sweetening effective amount of sucralose.

REMARKS

The Applicant respectfully requests that the Preliminary Amendment described herein be entered into the record prior to examination and consideration of the above-identified application.

The new claims have support throughout the specification.

The specification has also been amended for clarification. Specifically, text from pages 31-32 of U.S. Application Serial No. 09/596,275, an application originally incorporated by reference into the present application, has been affirmatively added. The text has been revised for consistency with the terminology used in the present application. No new matter has been added as a result.

PRELIMINARY AMENDMENT

Serial No.: 09/780,273

Docket No. 869.018US1
